Gary Preisendorfer —

Nice! Started my walking routine again today and may keep going to Joe Tucker. Geese didn't bother me at all. Maybe they get aggressive when they have little ones? Are there fish in this lake I wonder....

Cathy Benedict —

I sell properly trained Border collies that can clean up this problem in a jif!

Lee Franklin —

I love the park, but in recent years it has been overrun with ducks and geese, feces everywhere. Nasty. Sometimes they get aggressive and I have seen them frighten children. They love to hang out in the area near the library and have made the playground there disgusting. This used to be a great park, but 200+ waterfowl ruin it.
